

# Exodus Plastics

---

We specialise  
in the  
extrusion and  
conversion  
of high-  
performance  
**polythene**  
products.

At Exodus, we specialise in the extrusion and conversion of high-performance polythene products. By utilising our 30+ year's industry experience, we are able to offer our clients' excellent customer care and bespoke packaging solutions, tailored to their individual requirements.

We pride ourselves on being a forward-thinking, socially conscious company, committed to minimising the impact that our production activities have on the environment.

# Introduction to Exodus Plastics

# What we do

We are a Leeds-based polythene manufacturer, specialising in the production of premium grade extruded products, particularly in the field of pallet protection.

As a rapidly growing and well-respected organisation, we recognise the importance of ensuring we operate in manner which delivers the best possible service and highest quality products to our customers.

Building strong, long-standing relationships with customers is paramount to our business and we produce packaging to match the specific needs of each individual company. Therefore, our experienced staff members would be happy to visit your site and provide a professional consultation service if necessary.

We work  
closely with  
our suppliers,  
resulting in  
**expansion** of  
our product  
range.

In order to remain at the forefront of the packaging industry, the Exodus R&D team work closely with our suppliers, resulting in consistent progression and expansion of our product range.

Our desire to develop continuously means we are currently working towards earning a number of globally recognised accreditations.

# Our

# Markets

Our products are broadly applicable and we supply competitively priced packaging to a range of industries throughout the UK and Europe. As an ambitious company, we are always seeking to build on our diverse product range and enter into new markets. We currently supply goods to the following sectors;

**Agriculture**

**Beds & furniture**

**Food & beverage**

**Construction**

**Pharma & healthcare**

**Chemicals**

**Rigid packaging**

**Machinery & parts**

**Tissue/Towel**

**Warehouse & Distribution**

We seek to  
**minimise**  
our energy  
usage,  
emissions,  
waste and  
water usage

# Sustain- ability

The future of our industry is heavily reliant on its members understanding and acting on issues which impact on the general population both environmentally and socially.

Here at Exodus, we have developed a Corporate Social Responsibility programme which allows us to continue our growth whilst contributing positively to the current attitudinal shift among polythene manufacturers.

**Responsible business** Our company-wide ethos encourages employees at all levels of the organisation to buy into our values and desire to conduct all business affairs responsibly, honestly and efficiently.

**We invest in people** Exodus endeavours to provide its employees with excellent training and development opportunities throughout their career with us.

**Always improving** We are currently working towards earning a number of globally recognised accreditations. Such initiatives ensure that our staff are well motivated and adequately rewarded for their efforts with regard to operations and production.

**The bigger picture** At Exodus, we seek to minimise our energy usage, emissions, waste and water usage as part of our environmental sustainability strategy. We also have a well-developed recycling scheme which runs alongside our daily operations.

**Get in  
touch**
